Number Resource Organization

# WSIS History

- IG big issue concerning us
  - Others are Capacity Building, Financing, etc
- After Geneva Summit 2003:  
Working Group on Internet Governance
- 40 participants, multistakeholder
- WGIG report
  - Published July 2005
  - See [www.wgig.org](http://www.wgig.org)
  - Four IG models
  - Forum

# WSIS Status pre-Tunis

- PrepComm Geneva
  - no consensus on Internet Governance
- 3 Main Positions
  - US: “The UN will never run the Internet”, US will continue stewardship, recognising other states sovereign rights
  - Strong Regulatory Stance (Brazil, China, Cuba, Saudi Arabia, Iran...): More governmental control
  - EU Surprise: “New Model needed”, in between other positions

- Internet Community demonstrating Cooperation, Capacity Building etc pp
  - Under ISOC umbrella
  - RIPE NCC leading NRO effort
  - Seeking dialogue
- “Tunis Agenda”, Paragraph 38

*38. We call for the **reinforcement of specialised regional Internet resource management institutions** to guarantee the national interest and rights of countries in that particular region to manage their own Internet resources, while maintaining global coordination in this area.*
- Calling for UN DG to establish the “Internet Governance Forum”

# Internet Governance Forum

- aka “WSIS, next Generation”
- Discussion Forum
  - Not decision making
- Open ended and multistakeholder
- Starting in Athens, Greece
- 24-26 October (tbc)
- Open consultation (Geneva, February)
  - Emerging consensus
    - 3 days, annually
    - “Program committee”
    - First topics likely multilingualism, spam
