Open Policy Meeting

Policy SIG Report

Andy Linton, Chair

Policy SIG Meeting outcomes

- SIG Chair Election
  - Andy Linton re-elected as Chair for 2 years

- Leasing discussion
  - Chairs to send summary of discussion to list

- SIG Guidelines
  - A discussion about SIG Hibernation – see NIR SIG report

- Three Proposals
  - Prop-105: Distribution of returned IPv4 address blocks
  - Prop-107: AS number transfer policy proposal
  - Prop-108: Suggested changes to the APNIC Policy Development Process

prop-105: Distribution of returned IPv4 address blocks

Aims:

- Make IANA returns available for distribution using a different policy from "final /8" policy

Proposal:

- Each Member able to justify need for an additional /22

Status:

- Reached consensus at the OPM

AMM Consensus Call

APNIC **36**
CONFERENCE

prop-105: Consensus Call

Proposal:

- prop-105: Distribution of returned IPv4 address blocks

Status:

- Reached consensus at the OPM

prop-107: AS number transfer policy proposal

Aims:

- This policy would permit the intra- and inter-regional transfer of ASNs

Proposal:

- Allow transfer of ASNs based on IPv4 transfer policy

Status:

- Reached consensus at the OPM

AMM Consensus Call

prop-107: Consensus Call

Proposal:

- prop-107: AS number transfer policy proposal

Status:

- Reached consensus at the OPM

prop-108: Suggested changes to the APNIC Policy Development Process

Aims:

- A proposal to optimize and/or disambiguate procedures carried out under the current APNIC PDP

Proposal:

- The comment period for proposals reaching consensus at the OPM and AMM will not be shorter than four weeks but no longer than eight weeks at the sole discretion of the SIG Chair.

Status:

- Reached consensus at the OPM

prop-108: Consensus Call

Proposal:

- prop-108: Suggested changes to the APNIC Policy Development Process

Status:

- Reached consensus at the OPM

Thank you
