The Global Reporting Project

ABUSIX

Global Reporting – We inform the whole world!

The Reporting Community is growing constantly, about 1000 members in the Community since 2009. (Deutsche Telekom, T-Online, NetCologne, KabelBW, X-ART and Abuse Contact Database, instead of Inet, Comcast, ...)

- Global Reporting Next Level
- Everybody should be able to complain
 - Thunderbird Plugin
 - MX Donation
 - Outlook and Apple Mail Plugin coming asap.
- More data – faster reaction

X-arf: Why?

- need for global information exchange
 - human readable
 - machine readable
 - possibility to report all kinds of abusive behavior
 - extendible for future needs.

- ARF: only for messaging abuse
- INCH/IODEF: way to complicated

X-arf: Idea

- container format
- public and private schemes
- Community driven
- easy to implement and use
- ARF compatible

- working on RFC Draft at the moment
- supported by RFC Veterans

- visit: <http://x-arf.org> and join our mailinglists

- RIPE Anti-Abuse Working Group
 - Proposal 2011-06 in Last Call period until mid September.
 - RIPE Meeting in Amsterdam from 24-28 September 2012.
 - Facing other issues that have to be handled in future:
 - Abuse Finder Tool
 - Data accuracy in the whois database.
 - ...
