Network Abuse BoF

Tuesday, 28 August 2012 18:00 – 19:30

Auditorium

Birds of a Feather - BoF

- Informal meeting
- There is no formal requirement for submission
- The session is open for contributions from all the attendees
- Open mike at the end for anyone to contribute
- Questions and comments welcome

Introduction

- The scope and scale of network abuse has evolved to an alarming level in recent years according to Arbor & TeamCymru.
- The community should come together and discuss how they manage network abuse incidents across their organization, economy and region.
- Points of discussion tonight but not limited to:
 - How different organizations handle network based attacks.
 - How they handle abuse complaints about their network.
 - IRT objects in the Greater Mekong Subregion.

Speakers Tonight

- Network Abuse BoF Intro and IRT-CYBERNET-PK status
Aftab Siddiqui
- Regional collaboration and information sharing – Craig Ng
- Interview with JPCER/CC – Taiji Kimura/Izumi Okutani
