# Consensus at APNIC 51

- Prop-133: Clarification on Sub-Assignments
  - Version 3 reached consensus at APNIC 51

2.2.3. Assigned address space	
Assigned address space is address space that is delegated to an LIR, or end-user, for <b>specific</b> use within the Internet infrastructure they operate. <b>Assignments must only be made for specific, documented purposes and may not be sub-assigned.</b>	Assigned address space is address space that is delegated to an LIR, or end-user, for <b>exclusive</b> use within the Internet infrastructure they operate.

- Status
  - Implemented on 28 May 2021
