Proposals Reaching Consensus at APNIC 34

- prop-101:
Removing multihoming requirement for IPv6 portable assignments
 - This a proposal to change the "IPv6 address allocation and assignment policy" to allow portable (that is, provider independent or PI) assignments of IPv6 address blocks to be made by APNIC to any organization with due justification and payment of standard fees, removing the current requirement that the requestor is or plans to be multihomed.
- prop-104:
Clarifying demonstrated needs requirement in IPv4 transfer policy
 - This proposal increases to 24 months, the demonstrated need evaluation period for IPv4 transfer recipients.
